## PROJECT INFORMATION

### Purpose & Need for the Project:

Phase 1 - Install Class 3 bikeway heading southbound along the historic Pacific Coast Bike Route (Highway 1) in Mendocino County between Navarro River and Elk Creek. (PM 30.50 to 40.27) The project will include: base, AC, and stripping.

Placing bike shoulders at critical areas along this segment of roadway will reduce cyclist/vehicle conflicts on this very scenic bike route and encourage great numbers of cyclists to use the facility.
